SOURCE EVALUATIONS ARE DEFINITIVE APPRAISAL OF CONTENT IS TENTATIVE

An aircraft factory is allegedly to be established in Riesa. It is presumed that this factory is being established under the auspices of the Main Administration for Industrial Requirements of the Ministry for Machine Construction, which has already established a design and construction office for aircraft in Pirna. Reportedly, the construction of the aircraft factory in Riesa is meeting with great difficulties. As of June 1955, it was practically impossible to obtain the necessary machinery for the factory.
